## Project Shine 2010

Project SHINE is a 2 week teaching English program conducted by CRRS (Culture Regeneration Research Society) that takes you to China where under-privileged students and teachers are awaiting for a summer of learning and friendship with you! We encourage young people, perhaps yourself, or even your son and daughter to participate in this meaningful cross-cultural experience!

### Purpose of Project Shine:

- A chance for the underprivileged students and teachers in China to learn English from Canadian teachers.
- Increase English level of middle school students / teachers by means of:
  - Verbal training, written English, listening skills, activities
- Aside from teaching, we want to show care for Chinese students' needs through love, hope, action.
- Enrich life experiences and Chinese cultural exchange

## Where?

Our destination for Project Shine 2010 is Gongcheng Yao Autonomous County (恭城瑶族自治县) in Guangxi Autonomous Region. Gongcheng is about 2 hour drive away from Guilin. Gongcheng is a multi-ethnic region with the "Yao" tribe having the most population in this region. They are the native people whom inhabit this land with its beautiful traditional festive clothing and dances. The whole Guangxi Autonomous Region (广西壮族自治区) is one of the most beautiful areas in China, as it is characterized by mountains and terraces.

## High Schools in Guangxi Autonomous Region

Many family members of students living in the Guangxi region are farmers and have very low income. Many of their monthly income is less than \$150 RMB, which is equivalent to \$21 Canadian dollars. China has listed some regions to be “national level poverty-stricken” area.

These families usually live in the mountainous area and it may take the students 4-5 hours to walk to school everyday. Therefore students must live in the dormitory within the school. Even though now the students don't have to pay for the tuition fee because of China's “9 year free education” policy, but “room and board” plus the cost for necessary stationary supplies and text books adds a huge burden to these families.

Since 2002, CRRS has been helping with 6 High schools from different counties within the Guangxi Province. Other than helping students in general, in particular, CRRS have supported three classes named “Hope for the Nation” for outstanding students in the poverty-stricken area.

***See you in Project Shine 2010!***
